Dear Mr. Zhengyang Zhu,

On behalf of the organizing committee, we cordially invite you to attend and participate in the 40th IEEE/ACM International Conference on Automated Software Engineering (ASE 2025) hosted by the Software Engineering Society of the Korean Institute of Information Scientists and Engineers (KIISE). The conference will be held at Grand Walkerhill Seoul in Seoul, South Korea on November 16-20, 2025.

Started in 1986, the IEEE/ACM ASE series is one of the world's premier academic conferences in the field of automated software engineering. It is one of the four major conferences in software engineering and is classified as a top-tier conference in the KIISE conference listings.

Along with the traditional tracks – Research Papers, Journal-First, Industry Showcase, New Ideas and Emerging Results, Tool Demonstration, Workshops and Tutorials, Doctoral Symposium, New Faculty Symposium, and Student Research Competition – the 40th edition promises to offer a remarkable experience for scholars and industry colleagues alike, featuring two special keynote talks and a commemorative program to mark the milestone.

As a presenter at the ASE 2025, we certify that your presence at our conference is essential for your invaluable contributions to the conference organization. We sincerely appreciate your participation and contribution in advance and look forward to seeing you at ASE 2025 in Seoul, South Korea.

Best regards,

IEEE/ACM ASE 2025 ORGANIZING COMMITTEE
